PROJECTS

STUDENT MANAGEMENT SYSTEM (December 23, 2022 - February 23, 2023)
MANAGEMENT SYSTEM

This project was in c language and file connectivity with file handling. This was my first mini project in my college and also self-built by me. This project helps how to manage students in an organization and store the data of students.

CLONE TO A WEBSITE (May 23, 2023 - September 23, 2023)
CLOONE TO FLIPKART

Currently, I am working on this project with the help of HTML, CSS & JS. I try to give the best experience and good animation to the website as much as possible.

e_Notebook (October 06, 2023 - October 02, 2023)
e_Notebook web application with the help of MERN

I developed my own e_Notebook web application with the help of MERN and deployed in vercel and also managed by me.
